

IFIP World CIO Forum INVITATION

Stephen Ibaraki, FCIPS, DFNPA, MVP

Founder Global Industry Council (GIC), Chief Officer SR (IFIP IP3)

Chairman CIPS (2007/8), Founding Chairman Global Board GITCA

Chairman International Boards (iGEN Knowledge Solutions Inc, the Vine Group)

The IFIP is an influential international organization on electronics and information technology area, composed of 56 country members. The Chinese Institute of Electronics (CIE) representing China is admitted in the IFIP as the full member. In August 2009, proposed by the representatives from country members of China, India, Netherlands, Germany, America and South Africa of International Federation for Information Processing (IFIP), the World CIO Forum(WCF) proposal is approved at the IFIP general assembly. The forum will attract around 1000 top IT executives from all over the world. This kind of brain storming and intensive communication can accelerate application of IT in promoting economic development and social progress.

Authorized by IFIP, China will host the first World CIO Forum. We have received the official approval from Ministry of Industry and Information Technology of People's Republic of China and other ministries. The local organizing committee is built up. We will put every effort to make WCF a great success.

The Forum is scheduled to open on 1-4 Nov 2011 at Shenzhen, which is one hour drive from Hong Kong international airport. CIOs, IT executives, government officials and industry decision makers from all over the world will attend the forum. Your reputation and influence is well-known in the world information technology academia and CIO group. It is our honor to invite you to be Vice-Chair IAB and contribute your advices and suggestion to the forum.

Sincerely Yours,

President of Chinese Institute of Electronics
Chairman of IFIP World CIO Forum
